

How long will it take me?

It depends how fast you ride on average.

Remember it's not a race. Take your time, enjoy the networking and take time out at the break stops!

We have tried to gauge some average timings with the objective of getting everyone back to Ilkley for a bite to eat and a pint between 4pm and 6pm, but there is no rush. We are sure to be around for longer until everyone arrives back.

The estimation table below provides you with a gauge based on expected average speed and the differing start times merely indicate that if you are a fast rider we would please ask you to delay your start as otherwise you will arrive, for example, at the lunch stop before it's ready. We are anticipating the first riders will get to the York lunch stop around 12 noon. So if you intend to cycle 50 odd miles in say, 3 hours please don't set off before about 9am!
